

2B-6 Minimum Speed Sign (R2-40)

Where an engineering and traffic investigation shows that slow speeds by passenger vehicles consistently impede the normal and reasonable movement of traffic, signs shall be used to post the minimum legal speed as provided in General Statute 20-141 (c). The minimum speed limit sign shall be displayed only in combination with the appropriate speed limit sign.

The MINIMUM CARS 40 sign (R2-40) may be posted with the SPEED LIMIT 55 sign (R2-1). The width of the minimum speed sign shall be equal to the width of the speed limit sign in any assembly.
